- ◆ **SOME WORDS TO EXHIBITORS ON SECURITY:** The halls are vulnerable places and your stand should be considered as an open shop without windows or doors. Please take a few moments to consider how you can secure your products and belongings while on-site. The following tips should assist you.
 - Speak to The Organisers Security Company for Advice If You Have Specific Concerns. Find out if they operate a lockable store for valuable items, such as computer equipment, overnight. If they do not, make your own arrangements for safe storage.
 - Plan Your Arrival and Departure from The Venue During Build-Up & Breakdown
 - Ensure that there are at least two representatives setting up and dismantling your stand, so that the stand is never left unattended during these vulnerable periods.
 - Plan to remove all products and portable items from your stand on the first evening of breakdown.
 - Book Sufficient Staff for Your Stand During the Show
 - This ensures it is always staffed. Do not ask a neighbouring exhibitor to watch over your stand while you go for a break: they may become busy and not be able to keep an eye on your stand.

- Place A Lockable Cabinet on Your Stand
- Lock away briefcases, mobile phones, handbags, laptops, etc during the day even when you are on your stand. If you get busy, you may not notice someone taking them. Please also check all lockable units on your stand before leaving them at night.
- Do Not Position Desirable Items at The Front of Your Stand. You may not always be able to keep an eye on them and they may be easily removed.
- Avoid Leaving Your Stand Each Evening Before Visitors Have Left the Show Likewise, ensure your stand is fully staffed by the show opening. Remember, however, the halls are open each morning from 08:00 AM for all exhibitors and their staff.
- Report Anything of A Suspicious Nature To The Organisers or Security
- Leads can be followed up to avoid incidents of theft.
- ◆ **NOISE** : Volume should be kept to a level that does not cause disturbance to other Exhibitors or other events scheduled at the exhibition. In case of dispute, the decision of the Organisers is final.
- ◆ **ALCOHOL PROHIBITION** : Consumption of Alcohol is strictly prohibited inside the premises.
- ◆ **SMOKING** : There is designated place for SMOKING inside the premises only.
- ◆ **LOGISTICS**: Official Logistics personals are available at the venue. Please note that services are available on the chargeable basis.

Plastic Ban in Bengaluru

- ◆ Taking note of the huge quantity of plastic generated in Bengaluru, which results in irreparable environmental damage and health hazard, the forest, ecology and environment secretariat of the govt. of Karnataka issued a notification in March 2018, banning illegal flexes, banners and hoardings among other plastic items.
- ◆ Therefore, flex/plastic banners or branding, as well as disposable plastic items (bags, cups, etc.), are now strictly banned in Bengaluru and will not be allowed during the event.
- ◆ In cases of non-compliance a penalty will be imposed.
- ◆ Please consider this new regulation in your preparations of the show. Note that the exhibitor will be solely responsible for their booths and hence, we suggest that you communicate this to your stand builders, onsite staff etc. to ensure adherence to the rule.
